

2018 Africa Series

Cape Town / Franschhoek • Kruger / Johannesburg • Conference Information

North South Dental & Legal Conference

Cape Town / Franschhoek, South Africa
18—25 April 2018

South Africa's southern city of Cape Town is proudly multicultural. It is renowned for its mix of determined pioneers – Afrikaner descendants of the original Dutch colonists, the majority coloured community, descendants of European Jewish immigrants and more recently, Xhosa migrants who have arrived from the Eastern Cape. This melting pot of cultural diversity makes Cape Town a vibrant and exciting African city, offering fabulous cuisine, interesting museums and a layered history.

Set between the imposing table mountain and the Atlantic Ocean, Cape Town's rugged natural beauty showcases itself at every turn. Travel to the Table Mountain's summit with the cable car for stunning wide vistas, and visit tumultuous Cape Point where Africa's surly currents collide. Our agenda will include a private tour of Robben Island and the notorious prison where Nelson Mandela spent 18 of his 27 incarcerated years.

The conference will then move to Franschhoek, just outside of Stellenbosch, South Africa's premier wine growing region. Settled in 1688 by the French Huguenots, this visually stunning region offers sublime wines and homesteads built in the style of grand Cape Dutch architecture.

The academic program has always been the centrepiece of our conferences, but an equally important element is the networking activities we organise outside the professional

program. In order to take advantage of the networking prospects available we encourage all delegates to share their professional details and bring business cards to this conference.

CONFERENCE VENUES

Academic Sessions: Table Bay Hotel/ Franschhoek House**
Accommodation: Table Bay Hotel/ Franschhoek House

The conference package for this conference is available to view at www.cpetravel.com. Please note that you must book this accommodation package with CPE Travel to register for this conference.

2018 Africa Series

Cape Town / Franschhoek • Kruger / Johannesburg • Conference Information

Indian Pacific Dental & Legal Conference

Kruger National Park / Johannesburg, South Africa
2—9 May 2018

It is hard to think of South Africa without thinking "Safari"! Our conference is set in the magnificent Kapama Lodge, a luxuriously appointed private lodge in the Greater Kruger National Park. This region's high density of wildlife ensures you will have an excellent chance to spot Africa's magnificent "Big 5" – Lion, Leopard, Rhino, Elephant and Buffalo.

Kapama Lodge offers everything your quintessential African safari should – beautiful design with fabulous food and wine enjoyed whilst being serenaded with the sounds of the African veld. Twice daily safari tours, accompanied by an expert ranger and tracker are included. Conference lectures will be held in the middle of the day when the sun is hot and the wildlife takes refuge.

Following our Safari experience the conference moves to Johannesburg. Here we will see first hand how this major city turned a turbulent past into a thriving, racially inclusive, judicial capital. Our conference group will have private tours of the new Apartheid Museum and the diverse Soweto township, which today is home to over 3.5million residents.

The academic program has always been the centrepiece of our conferences, but an equally important element is the networking activities we organise outside the professional program. The interaction facilitated by CPE Conferences' social programs have established an increased camaraderie between professionals of all backgrounds and specialties, a mutual

referring of clients and access to professional resources which previously would have been either inaccessible or unknown. Many retired professionals still attend CPE's conferences due to the continued exchange with like-minded individuals.

CPE TRAVEL www.cpetravel.com

CPE Conferences highly recommend utilising the services of our preferred travel partner CPE Travel whom we work closely with to ensure your travel requirements are met. CPE Travel are proud members of *helloworld*, the most professional and experienced network of travel agents in Australia. With CPE Travel you can benefit from access to this valuable network as well as earning and burning your AMEX points on both conference and leisure travel requirements. Be sure to enquire about exclusive 2 for 1 packages as well as pre & post conference options. CPE Travel Professionals can be contacted on 07 3135 9360 or email travel@educationcpe.com.

ACCREDITATION

All Australian dentists must complete a minimum of 60 Continuing Professional Development (CPD) hours over three years as a condition of continued registration with the Dental Board of Australia. In each triennium 80 per cent of the minimum 60 CPD hours must be clinically or scientifically based. CPE Conferences meet the course provider standards outlined in the Dental Board's guidelines to continuing professional development. Our conferences generally qualify for the 20% of the compulsory CPD point requirement which is not clinically or scientifically based, as they examine how the law affects the practice of all aspects of medicine.

ACADEMIC PROGRAM

CPE Conferences' success as a quality CPD provider is not based on a formula. Instead we offer an exciting kaleidoscope of internationally crafted academic and social programs perfected over the last 23 years by a team of professionals, for professionals.

Expect a broad and comprehensive academic program delivered by speakers that are innovative leaders in the fields of law, medicine, business and technology. We invite both Australian and international speakers to present papers that are interesting, informative and useful for all practitioners. CPE Conferences' academic programs frequently include sessions examining dento-legal issues, particularly in relation to the use of anaesthesia. Previous delegates of the dental profession have also been able to obtain scientifically based CPD points at our conferences distinctly promoted as having clinical content.

Our speakers share their insights with you in an informal setting conducive to fostering an increase in both knowledge and networking prospects as well as the enrichment of your CPD experience. Our bespoke programs provide a dynamic, relevant and rewarding experience that broadens the mind through a cross-pollination of ideas, across a diverse range of cultures and professions.

Unlike other conferences, our academic agenda remains fluid until the commencement of the conference. This enables us to capitalise on the educational opportunities presented by both the location and the ever constant changes in global current affairs and technology. You will receive the final academic program at the welcome drinks event.

Depending on the length of the conference, academic sessions are run a minimum of four hours per day across four afternoons of the conference week.

For an indication of this conference's academic program, please request a previous academic agenda or visit our website www.cpeconferences.com for past papers.
