Italian Riviera, Italy (Santa Margherita | Portofino | Cinque Terre)
25 June — 2 July 2018

The Italian Riviera, where the Alps and Apennines cascade into the Mediterranean, is defined by its pastel seaside towns nestled among a coastline of sheer rugged cliffs—including the colourful villages of Cinque Terre and the stylish resort towns such as Portofino and Santa Margherita Ligure.

Using Santa Margherita Ligure as our base, we will explore the five fishing villages that are Cinque Terre: Monterosso al Mare, Vernazza, Corniglia, Manarola, and Riomaggiore. A UNESCO heritage site, Cinque Terre is rooted in antiquity, with the oldest of the villages founded in AD 643. The villages have slowly carved their way into the cliffs ever since.

Also close to Santa Margherita is Portofino, which has long been a popular destination for the rich and famous. Once an ancient Roman colony, Portofino has been ruled by the French, English, Spanish, Austrians— even marauding bands of 16th-century pirates. With a decidedly romantic and affluent aura, and natural beauty, it is easy to understand why it is one of the most photographed villages of the Ligurian coast.

The academic program has always been the centrepiece of our conferences, but an equally important element is the networking activities we organise outside the professional program. The interaction facilitated by CPE Conferences' social programs have established an increased camaraderie between professionals of all backgrounds and specialties, a mutual referring of clients and access to professional resources which previously would have been either inaccessible or unknown.

PROPOSED NETWORKING EVENTS

This is our first conference held in the Italian Riviera. Delegates can expect sunset cruises along the Cinque Terre, walking tours of Santa Margherita and kayaking/snorkeling around Portofino, as well as other activities unique to the area.

East West Medical & Legal Conference

Prague, Czech Republic
8—15 July 2018

Prague is one of the best preserved cities of Europe and a fantastic place for the urban adventurer. Watch the famous astronomical clock in Old Town Square go through its machinations with the rest of the tourists before walking a few blocks to discover ancient chapels, hidden courtyards, authentic restaurants and old-fashioned bars with hardly a tourist in sight.

Much of the city serves as testament to the rise of the Přemyslids, the first documented Bohemian native dynasty, and every internecine struggle for power within that family and the later rulers and their competitors: the Jagellons, Charles IV, the Habsburgs and the Catholic Church, to name just the major players. The Prague Castle dominates the city's skyline, its variety of styles and influences perfectly illustrating the shifting demands of its occupants and conquerors over the last millennium. Nowhere else in Prague resonates with as much national identity and symbolism, increased by the pride Czechs have taken since having had the castle returned to them in 1989.

Modern Prague offers an eclectic blend of the weird and wonderful. David Černý has peppered the city with his weird and witty sculptures, contrasting against stunning architecture, including the soaring spires of Gothic, the grandeur of Baroque and the romance of Art Nouveau. Museums featuring sex machines, torture instruments, occult science, chamber pots and toilets are just as abundant as the national galleries with the classics!

The academic program has always been the centrepiece of our conferences, but an equally important element is the networking activities we organise outside the professional program. In order to take advantage of the networking prospects available we encourage all delegates to share their professional details and bring business cards to this conference.

PROPOSED NETWORKING EVENTS

In the past, we have included a jazz boat dinner cruise as well as tours of Cesky Krumlov and Old Town. We hope to also include private tours of quirky museums, and more.

North South Medical & Legal Conference

Budapest, Hungary

26 July — 2 August 2018

We are pleased to announce Budapest as a new venue for the annual North South Conference. The 'Queen of the Danube' is one of the most historic cities in the world featuring an eclectic mix of grand architecture and hipster design.

Awaiting you is a treasure trove of architectural delights covering baroque, neoclassical, eclectic and art nouveau eras; and is home to undoubtedly the most beautiful parliamentary building in the world. Budapest has also embraced its ruins by creating romkocsma or 'ruin pubs', with nooks filled with acoustic jam sessions, graffiti, art, markets and more.

Every weekend in summer, the Margaret Island Open-air Stage produces a spectacle of events including opera, ballet, classical and pop music. Visit the Central Market for traditional fare, including the famous gulyás (goulash), be one with the city's cafe culture, enjoy some time one of the many Turkish-style thermal bath houses built in the 16th and 17th century, or stroll across the Széchenyi Chain Bridge and take in the romantic views of the Danube River. The best part? Everything is affordable in Budapest!

Buda and Pest have come a long way since WWII and the fascist and communist regimes of the 20th century. There are sad reminders like the poignant Shoes on the Danube memorial, but ones, too, of hope and reconciliation – like the 'sword' of the former secret-police building on Andrassy út now beaten into the 'ploughshare' that is the House of Terror, with both sides of the story told.

The academic program has always been the centrepiece of our conferences, but an equally important element is the networking activities we organise outside the professional program. In order to take advantage of the networking prospects available we encourage all delegates to share their professional details and bring business cards to this conference.

PROPOSED NETWORKING EVENTS

We hope to include a day trip, Danube dinner cruise, private guided tour of the House of Terror Museum, Hungarian foodie experience and an historical/design tour.
