USA Pacific Dental & Legal Conference

New York, USA
12—19 December 2017

So much of Australia's legal tradition comes from the USA; what better place to explore this than the cultural and commercial heart of that country, New York. This is the place where class actions, the onslaught of medical litigation and issues like product liability began, then exploded.

Although it is hard to put a finger on what makes "The Big Apple" buzz, it's the city's hyperactive rush that really draws people there. New York is just magical in winter, filled with Christmas cheer, parades and a Central Park blanketed with white snow. On every street, steam rises up from the grates and passersby wear their classic New York trench coats and scarves as they move from one cosy place to another, filled with warm food, great company and fabulous entertainment. See Broadway shows, visit the multitude of museums, galleries & wonderful restaurants, or shop til you drop.

Outside of the conference program, CPE recommends checking out a comedy show, exploring Central Park or Times Square, dining in 'Little Italy' or Chinatown, even visiting a gospel church in Harlem. Hallelujah, you're in New York!

The academic program has always been the centrepiece of our conferences, but an equally important element is the networking activities we organise outside the professional program. The interaction facilitated by CPE Conferences' social programs have established an increased camaraderie between professionals of all backgrounds and specialties, a mutual referring of clients and access to professional resources which

previously would have been either inaccessible or unknown. Many retired professionals still attend CPE's conferences due to the continued exchange with like-minded individuals. In order to take advantage of the networking prospects available we encourage all delegates to share their professional details and bring business cards to this conference.

PROPOSED NETWORKING EVENTS

In the past winter networking events have included a night at the Met Opera Theatre, tour of the 9/11 Museum, shopping tours, before-hours tour of MoMA, highlights tour of the Met Museum, late night jazz session and a New York Nick's game.

CONFERENCE VENUES

Academic Sessions: Le Parker Meridien Hotel**

Accommodation: Le Parker Meridien Hotel

A hotel summary with available accommodation options and rates is available from the conference team - book *early* to avoid disappointment.

2017-18 Winter Series

New York • Whistler • Conference Information

North South Pacific Dental & Legal Conference

Whistler Blackcomb, Canada
7—14 January 2018

Less than two hours away from Vancouver lies the spectacular Whistler Blackcomb resort, which boasts the largest skiable terrain of any resort in North America. That's an impressive 8,100+ acres of terrain across the two side by side mountains, making up 200+ marked ski runs, ranging in level from beginner to advanced.

Together with an annual snow fall of over 11.8mtrs of white powder, skiers of all abilities are very well catered for in this beautiful winter playground. If you are in need of additional adrenaline, there are also options for heli skiing, an aerial zip track, snow mobile tours and bob sled rides.

But Whistler Blackcomb is not all about the slopes - the pedestrian only village directly at the base of the mountains, offers an extensive range of daytime pursuits with a myriad of shops, restaurants, galleries and day spas plus lots of fun options for your après skiing nightlife. The rugged mountain ranges offer dramatic scenery and with everything easily accessible, this is a resort for skiers and non skiers alike.

With Vancouver now only a single flight away from the east coast of Australia, this conference is perfect for delegates and their families.

The academic program has always been the centrepiece of our conferences, but an equally important element is the networking activities we organise outside the professional program. The interaction facilitated by CPE Conferences' social

programs have established an increased camaraderie between professionals of all backgrounds and specialties, a mutual referring of clients and access to professional resources which previously would have been either inaccessible or unknown. Many retired professionals still attend CPE's conferences due to the continued exchange with like-minded individuals. In order to take advantage of the networking prospects available we encourage all delegates to share their professional details and bring business cards to this conference.

PROPOSED NETWORKING EVENTS

Our ski conferences include both skiers and non-skiers events, like group ski excursions, snow walks, sledding and more.

If you're a regular to Perisher it may be worth your while purchasing an 'Epic Ski Pass' giving you unlimited access to Perisher and Whistler Blackcomb over the 2017-18 season.

CPE TRAVEL www.cpetravel.com

CPE Conferences highly recommend utilising the services of our preferred travel partner CPE Travel whom we work closely with to ensure your travel requirements are met. CPE Travel are proud members of *helloworld*, the most professional and experienced network of travel agents in Australia. With CPE Travel you can benefit from access to this valuable network as well as earning and burning your AMEX points on both conference and leisure travel requirements. Be sure to enquire about exclusive 2 for 1 packages as well as pre & post conference options. CPE Travel Professionals can be contacted on 07 3135 9360 or email travel@educationcpe.com.

ACCREDITATION

All Australian dentists must complete a minimum of 60 Continuing Professional Development (CPD) hours over three years as a condition of continued registration with the Dental Board of Australia. In each triennium 80 per cent of the minimum 60 CPD hours must be clinically or scientifically based. CPE Conferences meet the course provider standards outlined in the Dental Board's guidelines to continuing professional development. Our conferences generally qualify for the 20% of the compulsory CPD point requirement which is not clinically or scientifically based, as they examine how the law affects the practice of all aspects of medicine.

ACADEMIC PROGRAM

CPE Conferences' success as a quality CPD provider is not based on a formula. Instead we offer an exciting kaleidoscope of internationally crafted academic and social programs perfected over the last 23 years by a team of professionals, for professionals.

Expect a broad and comprehensive academic program delivered by speakers that are innovative leaders in the fields of law, medicine, business and technology. We invite both Australian and international speakers to present papers that are interesting, informative and useful for all practitioners. CPE Conferences' academic programs frequently include sessions examining dento-legal issues, particularly in relation to the use of anaesthesia. Previous delegates of the dental profession have also been able to obtain scientifically based CPD points at our conferences distinctly promoted as having clinical content.

Our speakers share their insights with you in an informal setting conducive to fostering an increase in both knowledge and networking prospects as well as the enrichment of your CPD experience. Our bespoke programs provide a dynamic, relevant and rewarding experience that broadens the mind through a cross-pollination of ideas, across a diverse range of cultures and professions.

Unlike other conferences, our academic agenda remains fluid until the commencement of the conference. This enables us to capitalise on the educational opportunities presented by both the location and the ever constant changes in global current affairs and technology. You will receive the final academic program at the welcome drinks event.

Depending on the length of the conference, academic sessions are run a minimum of four hours per day across four afternoons of the conference week.

For an indication of this conference's academic program, please request a previous academic agenda or visit our website www.cpeconferences.com for past papers.
