

2017 Sept/Oct Series

Rome • Sicily & Italian Riviera

Pan Europe Asia Medical & Legal Conference

Rome, Italy

29 September—6 October 2017

Rome is the former capital of the Roman Empire, once one of the most powerful empires in the world; the remnants of which can be seen at the stunning sights of the Roman Forum, Pantheon and Colosseum. Rome is also home to the Vatican City, headquarters of the Roman Catholic Church, boasting such sights as St. Peter's Basilica, the Vatican Museums and Michelangelo's Sistine Chapel frescoes.

It was in Italy that the Renaissance began, and then exploded, bringing Europe out of the dark ages and influencing countless artists, writers, poets, philosophers, scientists, architects, musicians and aristocrats. Rome, once a city of ancient ruins, became the recipient of great masterpieces as well as cultural and ideological development. Despite its 3,000 year history and the fall of the Roman Empire, Rome is today a sprawling, cosmopolitan city and has remained globally influential in the areas of art, architecture and culture.

Al fresco Roman feasting is one of the city's pastimes and Italy's world-famous cuisine is superlative and delicious. Dine with locals at crowded yet authentic trattorias, enjoy a gelato as you stroll through various piazzas, or indulge in contemporary fine dining at refined Michelin-starred restaurants. The gastronomic options in Rome are limitless.

The academic program has always been the centrepiece of our conferences, but an equally important element is the networking activities we organise outside the professional program. The interaction facilitated by CPE Conferences' social

programs have established an increased camaraderie between professionals of all backgrounds and specialties, a mutual referring of clients and access to professional resources which previously would have been either inaccessible or unknown. Many retired professionals still attend CPE's conferences due to the continued exchange with like-minded individuals. In order to take advantage of the networking prospects available we encourage all delegates to share their professional details and bring business cards to this conference.

PROPOSED NETWORKING EVENTS

In the past networking events have included a Scavi tour beneath the Vatican and a guided day tour of Hadrian's Villa & Villa d'Este Tivoli. With Rome you are spoilt for choice when organising activities - please contact the CPE Conferences team to put forward your must do's!

CONFERENCE VENUES

Academic Sessions: Centro Congressi Cavour*

Accommodation: Hotel Quirinale

A hotel summary with available accommodation options and rates is available from the conference team - book *early* to avoid disappointment.

*subject to change.

Pan Europe Oceania Medical & Legal Conference

Sicily & Italian Riviera (Conference@Sea - Rome to Monte Carlo)

6—16 October 2017

With Silversea, the Italian Riviera beckons delegates to an amalgam of sights and sounds, discovery and experience and tastes and flavours. Explore the solidified lava streams of Mt. Etna, the old-world splendour of Florence during an overnight and the juxtaposition of glamour and tradition in Portofino.

However, we begin our conference journey by embracing the beauty and history of Rome. Rome the Eternal is 25 centuries old and constantly reinventing itself. This is a city that needs no introduction, a place where one can effortlessly gorge on art, history, food and culture. We continue our exploration of Italian culture as we cruise to Sorrento followed by Syracuse, one of the great ancient capitals of Western civilisation, founded in 734 BC by Greek colonists and old rivals of Athens. The cruise moves to the charming Valetta, capital city of Malta, before admiring the diversity and culture of Trapani, Olbia and the romantic and renowned Portofino.

Each town has its own personality allowing delegates to experience the contrasting romance and affluence of Portofino and against the grittiness and history in Livorno. Peacefully sip at a cappuccino or feast on mouthwatering seafood as you dine in some of the best alfresco cafes and restaurants Italy has to offer.

We conclude our conference cruise by disembarking in the legendary Monte Carlo. You will be awed by the sparkling harbours with extravagant yachts, beaches lined with sun-loungers and streets flanked by couture shops.

The academic program has always been the centrepiece of our conferences, but an equally important element is the networking activities we organise outside the professional program. The interaction facilitated by CPE Conferences' social programs have established an increased camaraderie between professionals of all backgrounds and specialties, a mutual referring of clients and access to professional resources which previously would have been either inaccessible or unknown. In order to take advantage of the networking prospects available we encourage all delegates to share their professional details and bring business cards to this conference.

PROPOSED NETWORKING EVENTS

A welcome drinks and dinner will be organised in Rome on the first night of the conference. Further excursions will be arranged by and payable to Silversea.

CPE TRAVEL www.cpetravel.com

CPE Conferences highly recommend utilising the services of our preferred travel partner CPE Travel whom we work closely with to ensure your travel requirements are met. CPE Travel are proud members of *helloworld*, the most professional and experienced network of travel agents in Australia. With CPE Travel you can benefit from access to this valuable network as well as earning and burning your AMEX points on both conference and leisure travel requirements. Be sure to enquire about exclusive 2 for 1 packages as well as pre & post conference options. CPE Travel Professionals can be contacted on 07 3135 9360 or email travel@educationcpe.com.

ACCREDITATION

CPE Conferences is an endorsed QI & CPD provider of Continuing Medical Education (CME) for the Royal Australian College of General Practitioners (RACGP). Our conferences attract Category 2 points at a rate of two points per hour of participation, although not every session attracts points. Claimable Category 2 points are capped at 30 points per conference by the college.

ACADEMIC PROGRAM

CPE Conferences' success as a quality CPD provider is not based on a formula. Instead we offer an exciting kaleidoscope of internationally crafted academic and social programs perfected over the last 23 years by a team of professionals, for professionals.

Expect a broad and comprehensive academic program delivered by speakers that are innovative leaders in the fields of law, medicine, business and technology. We invite both Australian and international speakers to present papers that are interesting, informative and useful for all practitioners. CPE Conferences' academic programs consistently comprise of general medico-legal issues as well as topics that focus on a more specific area of medicine. In the past we have had papers on anaesthesia, gynaecology, anatomy, forensic pathology, psychiatry, emergency medicine, endocrinology and more.

Our speakers share their insights with you in an informal setting conducive to fostering an increase in both knowledge and networking prospects as well as the enrichment of your CPD experience. Our bespoke programs provide a dynamic, relevant and rewarding experience that broadens the mind through a cross-pollination of ideas, across a diverse range of cultures and professions.

Unlike other conferences, our academic agenda remains fluid until the commencement of the conference. This enables us to capitalise on the educational opportunities presented by both the location and the ever constant changes in global current affairs and technology. You will receive the final academic program at the welcome drinks event.

Depending on the length of the conference, academic sessions are run a minimum of 4 hours per day across 4 afternoons of the conference week.

For an indication of this conference's academic program, please request a previous academic agenda or visit our website www.cpeconferences.com for past papers.
